Children's Medical Services Network
(CMS Net) - Information Bulletin #242**

DEACTIVATION OF THE LEGACY AUTHORIZATION FUNCTIONALITY

Effective 3/2/2008, the CMS Net system legacy authorization functionality will be deactivated. The Generate Request/Auths/Claims menu option will no longer appear for selection. Any legacy authorization exceptions or questions forward to the Regional Office; the request will be routed to CMS Branch Section Chief for approval. If approved the CMS Net Help Desk analyst will contact the requestor for additional information.
